Mission

Develop innovative and ethical future leaders capable of managing change and transformation in a globally competitive environment.

Objectives

To provide a pool of knowledge for the development of students.
To develop the best scholars in the field of management, computer and technology.

DIRECTOR'S MESSAGE

Dr. YAMINI KARMARKAR
Director IIPS, DAVV
B.Sc, MMS, Ph.D., FDP(IIMA),
CPET(ISB)

The International Institute of Professional Studies, DAVV, has made significant strides in its mission to produce capable students and future leaders. Recognizing the complexities and unpredictability of the modern business environment, the institute emphasizes creative and strategic thinking for competitive advantage. Highly educated and experienced faculty members guide students throughout their learning journey, ensuring they acquire the essential skills and knowledge. The institute's dedicated placement committee and Training & Placement Officer play crucial roles in bridging the gap between students and recruiters, facilitating successful career placements.

Students are expected to excel in their specific areas of expertise, demonstrating a strong understanding of domain knowledge. Additionally, they must cultivate soft skills such as communication, teamwork, and problem-solving for effective collaboration and leadership. Maintaining high ethical standards and integrity is also crucial, as well as ensuring responsible and professional conduct in the business world.

The faculty and students' collective efforts contribute to the placement committee's success, helping to turn students' career aspirations into reality. Wishing the students and the placement team the best of luck in their future endeavors. Signing off with a quotation ”Opportunity doesn’t make an appointment, you have to be ready when it arrives”

TRAINING & PLACEMENT OFFICER'S MESSAGE

IIPS is a prestigious institution where thinkers evolve into leaders and the pursuit of knowledge drives our commitment to distinction. We are thrilled to offer our MBA-MS programs in both dual and core modes, designed to meet the growing demand for professionals equipped with the skills necessary to tackle complex business challenges. Our meticulous academic approach ensures that students develop the proficiency and specialized skills required to excel in various demanding situations with confidence and ease.

At IIPS, we take pride in our rigorous selection process, which includes aptitude exams and interviews, to identify the most promising candidates for our MBA (MS) programs. Our students are well-groomed, committed individuals who possess the essential skills and competencies needed to succeed in today's competitive business environment. In addition to our comprehensive academic curriculum, students benefit from valuable internships and industrial training experiences in their areas of specialization. The time spent at IIPS provides an enriching experience in management, making our graduates ideal candidates for a wide range of organizations. We are honored to present our talented students to esteemed companies and look forward to your support in their placement opportunities.

OUR COURSES & PROGRAMS

MBA (MS) 5 Years

This innovative course, approved by AICTE is designed on the philosophy of “Catch them Young". In the first three years (BBA), the program has the objective to provide the fundamental concepts and theory of business practice in a business discipline.

MBA (MS) 2 Years

This program is a full-time course. It is designed to provide adequate time for the students to assimilate the concepts and dive deeper into their areas of interest. Selection for the course is done on the basis of merit through a CMAT Examination.

MBA (APR) 2 Years

MBA (APR) is another 2-years jewel of IIPS, which focuses on fostering knowledge among its individuals in the Communications and Public Relations industry.

MBA (E'ship) 2 Years

MBA (Entrepreneurship) is a 2-years program specially developed to inculcate its students with the ability to understand and solve entrepreneurial issues, the program especially focuses on the communication and negotiation skills of individuals. Students are admitted on a merit basis through the CUET Examination.

B.Com (Hons.) 4 Years

The widely coveted B.Com (Hons.) course aims to provide comprehensive insight into finance, banking, law, accounting, taxation, and management, which play an important role in today's dynamic business environment.

M.Tech (IT) 5 Years

Our M.Tech (5-years) is the only program of its kind in DAVV. This course has been designed keeping in mind the latest industry trends and ever-changing scenario of the IT industry. Selection for the course is done on the basis of merit through CUET exam.

MCA 5 Years

The MCA 5-years integrated program combines undergraduate and postgraduate studies, offering a comprehensive curriculum in computer applications. It covers fundamental to advanced topics, preparing students for careers in software development, IT, and research.

M.Tech (CS) 5 Years

Designed to meet the dynamic needs of the IT industry, this programme blends core computing with emerging tech specializations. Admissions are through CUET-UG. Includes a mandatory industry internship to ensure hands-on, real-world experience.

MBA (MS) 5 Yrs

The Master's in Business Administration (Management Science) was introduced by DAVV University in 1992, keeping in view the increasing manpower requirements of the industry in the post-liberalization era. This innovative course is designed on the philosophy of “Catch Them Young”. In the first three years (BBA), the program aims to provide fundamental concepts and theories of business practices in various disciplines. In the last two years (MBA), the program is designed to enable students to integrate knowledge of various functional areas, including marketing, finance, human resources, business analytics and other aspects of management, based on current market trends. It also helps enhance the decision-making skills of the students in various areas so that they can identify market opportunities and face challenges in the business environment.

MBA (MS) 2 Yrs

Our two-year, full-time MBA (Management Science) program is meticulously designed to develop leadership qualities, business acumen and managerial competencies, with a strong emphasis on societal impact. This program focuses on "Management as Science", providing students with a deep understanding of essential management principles and practical skills. Graduates will cultivate crucial leadership, decision-making, communication, and teamwork abilities, while also fostering a commitment to societal welfare. The curriculum covers fundamental areas such as Management, Business Accounting, Financial Management, Marketing, Human Resource Management and Business Analytics. Beyond technical skills, the program instills compassion, dedication, and a sense of social responsibility, preparing students to become ethical and effective leaders. Furthermore, it equips graduates for diverse career paths in fields like Sales, Marketing, Advertising, Retail, Market Research, Banking, Insurance, Consultancy, Financial Analysis, HRD and more.
